

# Vacuum WC-Explorer

## Sanitary solutions

STATE-OF-THE-ART TECHNOLOGY  
WITH UP TO 90% WATER SAVINGS  
AND GREAT COMFORT

### Product information

Whether indoors or outdoors, for a festival, trade fair or company event: the Vacuum WC-Explorer can be perfectly integrated into any event concept.

This module is equipped with 100% vacuum technology and allows you water savings of up to 90%.

The Vacuum WC-Explorer consists of four seats and is equipped with high-quality disinfection dispensers, toilet paper holders and an electronic flush with a capacitive sensor.

It has automatic door closers and can optionally be operated using recycled shower water. Regular cleaning during the event is particularly effective thanks to the high-quality and insensitive materials.

If desired, the modules can be laminated in your brand design.
